

Quality Assurance Manager

RICHMOND, BRITISH COLUMBIA

Overview

Helijet International Inc. is accepting resumes for the full-time position of Quality Assurance Manager, (QAM). Since 1986 Helijet has safely carried over 2.5 million passengers on our helicopters and airplanes throughout the Pacific Northwest. Helijet is proud to deliver leading innovative aerospace transportation solutions. The Quality Assurance Manager is an integral part of the Helijet team.

Qualifications

- Must be legally entitled to work in Canada
- Hold a valid M1 and/or M2 Transport Canada AME license for a minimum of 6 years.
- Must have current, formal QA training and experience
- Preference given to those that hold or have held Aircraft Certification Authority (ACA) on Sikorsky S76 series, Airbus H125/AS350 B2/B3, Pilatus PC12, Bombardier Lear 31
- Previous experience in an EMS environment, multi-engine IFR aircraft, or Airline would be considered an asset for this position.

Duties, Responsibilities and Requirements

- The Quality Assurance Manager, QAM, is responsible to the Director of Maintenance, and maintains a line of communication to the Accountable Executive
- Performs audits on the Helijet maintenance control system, in accordance with Transport Canada regulations and the Helijet MPM and MCM
- Perform Quality Assurance evaluations and audits in accordance with the Helijet Company Operations Manual
- Maintain a system for ensuring that all relevant, current maintenance publications and technical data is available to the Chief Engineer
- Act as liaison between Helijet and TCCA
- Meet the requirements of CAR 573.04 (PRM alternate)
- Ability to make sound and safe decisions, while following documented policies and procedures
- Excellent command of the English language both written and oral
- Proficient using Excel, Word, and Adobe
- Excellent organizational skills, strong troubleshooting, and time management skills
- Commitment to teamwork and working in a safety-oriented atmosphere
- Organized self-starter with a positive attitude.
- Excellent ability to multitask and handle changing priorities
- Strong Mentorship skills and positive attitude are valuable assets in this role
- Must provide proof of receiving at least two Covid-19 vaccinations. Helijet strictly adheres to all Federal and Provincial Covid-19 guidelines.
- Ability to gain a YVR RAIC for ramp access
- Travel to sub-bases required periodically to perform inspections and audits. This may require same day or overnight travel as required.
